ENFORCEMENT SERVICES

SCHOOL IS BACK!!! The kids are excited to be heading back to school. Here are some safety tips for kids, parents and drivers!

The following are some safety tips for students:

- When exiting a vehicle, ensure you watch out for vehicles that may be passing by
- Before entering a roadway, always do it slowly while checking for vehicles. Never run into the roadway
- Make eye contact with drivers approaching intersections you intend to cross
- Not only pay attention to your safety, but also other children travelling to school

For cyclists:

- You should not be on the sidewalks unless on designated multi-use pathways
- Dismount your bicycle before crossing a crosswalk
- Be aware of other pedestrians and motorists

For drivers:

- Pay attentions to not only what is in front of you, but also obstacles along the side of the road that may obstruct your view of a child who may suddenly appear in your traffic lane
- Leave sufficient space when travelling behind other vehicles to allow you time to react to traffic stopping suddenly
- Pay attention to the roadway and do not manipulate or look at your cell phone or other electronic devices while driving
- Use caution when approaching intersections or mid-block crosswalks and yield to all pedestrians
- Be very cautious in parking lots or when backing out of a parking stall or driveway
- Don't consume alcohol or drugs then drive
- Obey all speed limits inclusive of school and playground zones. The Town of Millet has Playground Zones around the school and parks as well as on Highway 616. The times are from 8:30 a.m. to one hour past sunset seven days a week.
